Ohio House Considers Discriminatory Bill

*There is no greater threat to religious freedom and privacy than the Ohio Fairness Act, a.k.a. the Ohio UnFairness Act! **Why?***

- 1) Requires men and boys be allowed in women's bathrooms, locker rooms, and showers if they claim to identify as women.
- 2) Requires boys be allowed to play in girls' sports in public schools if they claim to identify as women.
- 3) Allows the government to remove children from parents' custody if they don't consent to dangerous conversion/hormone therapy.
- 4) Forces women's homeless and domestic violence shelters to allow men who claim to identify as women to bathe and bunk with women.
- 5) Forces doctors to participate in "gender transition" procedures.
- 6) Forces businesses to participate in same-sex weddings, even if it violates their religious beliefs.

And so much more!

Tell the joint sponsors to stop this dangerous legislation!

Sample message:

Please oppose the Ohio UnFairness Act, an unnecessary bill that threatens to shut down faith-based ministries and businesses. This dangerous bill would put the privacy and safety rights of women and children at risk, and threatens the fundamental religious freedom rights of every Ohioan.
